## “Volunteering is a work of Heart”

The key to the PrimeTimers program are the volunteers. Today the PrimeTimers from the Titusville program will be doing most of the volunteer work so that you can see and learn what is involved with the process.

Volunteers are needed to do the following:

- Greeters for people coming in
- Hand out the door prize tickets
- Register the first time guests
- Count reservations
- Lay out table cloths and set tables
- Help make coffee, tea, and ice water pitchers
- Prepare the plates of food
- Serve food to guests
- Clean-up crew

Not only do many hands make for light work—but it can be fun too! Please get involved with volunteering at the new and exciting PrimeTimers program and start making a difference by signing up at the R.S.V.P. table to become a PrimeTimers Volunteer.

*Program sponsored by Brevard County Parks & Recreation Department, Brevard County Housing and Human Services Department, State of Florida Department of Elder Affairs, Community Services Council of Brevard, Inc., East Central Florida Memory Disorder Clinic, and the RSVP Retired and Senior Volunteer Program of Brevard*
